

BAREROOT STOCKLIST

Available for pre-order & collection on 26 November 2022 (or after by appointment only).

All plants are grown peat free without harmful chemicals. Bareroot means plastic free too. For the first time we are offering plants grown by another nursery: Sheffield Fruit Trees co-operative - these appear in blue. Dalefoot wool compost is also available.

Please e-mail your order to hello@earthedup.com
